

1981 Class – Bolink Digger 10

In order to be eligible to start in the 2WD 1977 - 1981 class, modifications and customizations must be minimal at the Digger.

That means a one-piece shaker plate on all axles and no oil shocks.

DIGGER 10

We consider more modifications and customizations as Super Digger and moved to class 2WD 1982 - 1985

Modifications and customisations must be minimal. Any customisation and materials must match those commonly seen racing during the years of that buggy's class. Spirit of the sport within its era. This allows period modifications and keeps vintage racing as vintage racing.

Bolink Digger, which are period modified Super Digger Buggies, should be entered into the 2WD 82-85 class.

Pictures of the Super Digger mods for reference:
